

# GOGO BLOX

DECORATED GLASS BLOCKS

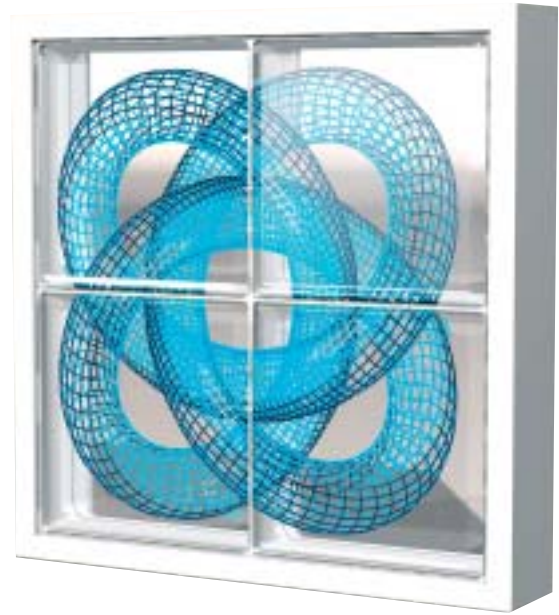

## AN INTRODUCTION TO GOGO BLOCKS

---

Gogoblox is a trademark of the **GoGo Design + Architecture** Company. Gogo design has a manufacturing process that allows images to be fused onto the surface of glass blocks.

It is the combination of an established building material and the art of stained glass.

This service unleashes unlimited possibilities to personalise glass block installations.

By using glass enamel the images and designs are fused to the glass blocks ensuring durability, they may be used internally or externally in either straight or curved glass block applications.

## GLASS BLOCK TECHNOLOGY AND GGOBLOX

---

Glass Block Technology Ltd has partnered GoGo Design & Architecture to assist in providing a mixture of services that will act as the links to make your glass block project a reality.

Glass Block Technology Ltd has a proven track record for dealing with and completing a diversity of glass block projects in all market sectors ranging from; leisure (nightclubs, bars and restaurants), public sector (police stations through to hospitals and schools), offices to retail shops and museums and we have worked on many property developments from apartment blocks to entire housing estates to simple shower screens.

We supply glass blocks, fitting accessories, precast units, design assistance, technical advice, fire rated products, planning and estimating assistance and solutions to your queries. In conjunction with Gogoblox, we will be responsible for distributing gogoblox products backed by our professional services.

Gogoblox are compatible with installation systems promoted by Glass Block Technology :

## GOGO BLOX DESIGN SERVICE

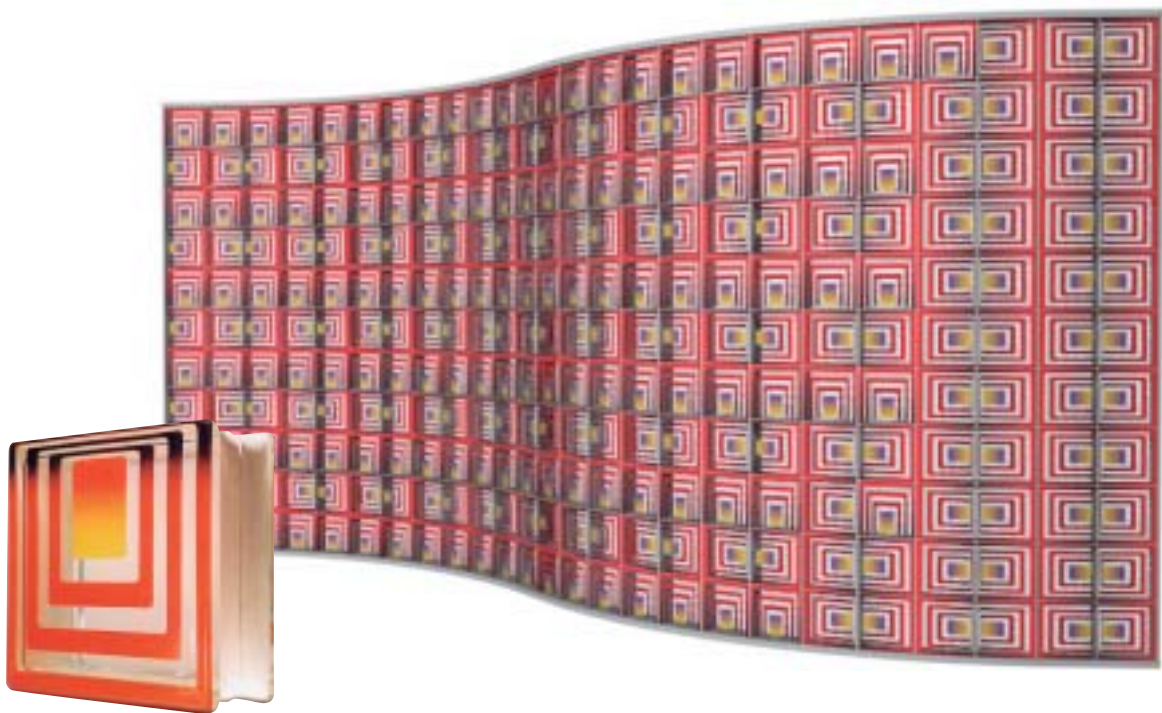

---

When it comes to the design stage, GoGoBlox liaise directly with clients, to create the glass block or panel design tailored to your individual specification.

GoGo Blox can produce full 2D or 3D CAD drawings. They require artwork in digital format or high quality hard copy that can be scanned from.

They will offer you full assistance in answering queries such as how to achieve the sharpest look over a single block or entire panel.

Gogo Design & Architecture, 61A Fulham High Street, London, SW6 3JJ

## GOGO BLOX PRODUCT RANGE

---

The expansion of gogoblox products is limitless, however printing does have restrictions. The full range can be viewed at [www.glassblocks.co.uk/gogoblox](http://www.glassblocks.co.uk/gogoblox) and is updated on a regular basis.

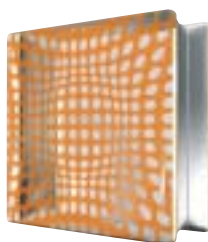

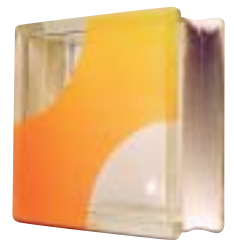

Turnover to view a selection of possibilities, examples of single block designs that can be incorporated as single features or repeated to create larger designs.

GoGoBlox glass blocks look good and can also be used to increase the opaqueness of glass block screens.

With the ability to transfer any image, design or text, you can personalise your project creating an individual divide or shower screen or enhance entrances and counter fronts with logos for example.

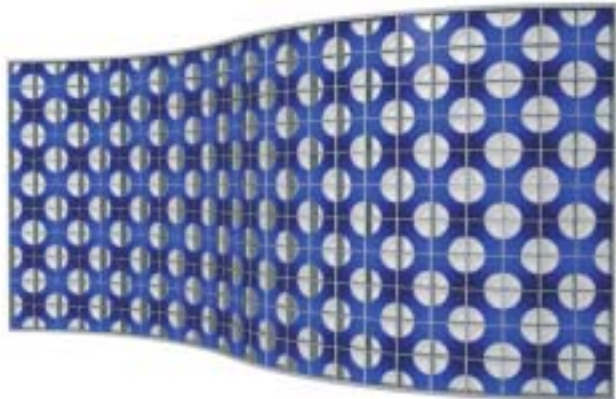

## GOGO BLOX RANGE (SUMMARY)

---

**GOGO BLOX RANGE (SUMMARY)**

---

All information is accurate to the best of our knowledge at time of going to press, however, colour images may vary slightly due to the photography, reproduction and printing process. Glass Block Technology Ltd cannot be held liable in any way regarding the usage of glass blocks and the manner in which they are installed. Glass Block Technology reserve the right to amend or correct changes at any time.
